STATEMENT OF CANDIDATE FOR United States Representative District 24 SALUD CARBAJAL Age: 61 Occupation: Member of Congress Education and Qualifications: I'm Salud Carbajal, and in Congress I'm fighting to lower the cost of living, keep our families safe, and deliver results for the Central Coast. My father was a farmworker in Ventura County. I worked two jobs while I attended UCSB, becoming the first in my family to graduate from a university, and proudly served in the Marine Corps Reserves. I know what it's like to work hard and still worry about making ends meet — that's what drives me in Congress. That's why I worked to pass the largest infrastructure investment in a generation, bringing over \$1 billion to our region — fixing highways and bridges, expanding high-speed internet, and supporting over 13,000 good-paying jobs. I voted to cap insulin at \$35 a month for Medicare recipients, lower prescription drug costs for seniors, and cut health insurance premiums — because no one should have to choose between medicine and groceries. Community safety is personal to me. I authored a provision in the first federal gun safety law in 30 years, giving law enforcement new tools to prevent violence before it happens. I've fought to strengthen services for veterans, protect our coastline from offshore drilling, expand access to housing, end forever wars, and defend immigrant families from ICE's terrorizing raids and family separations. My office has helped over 3,500 neighbors resolve issues with federal agencies, and I've worked to secure over \$8 billion for our region. Every dollar and every case matters — and so does your voice. Learn more: SaludCarbajal.com	STATEMENT OF CANDIDATE FOR United States Representative District 24 BOB SMITH Age: 47 Occupation: Defense Systems Engineer Education and Qualifications: The Central Coast is one of America's most extraordinary places, yet too many working families are being priced out of the communities they built and love. Housing, energy, and living costs here rank among the nation's highest. We need practical leadership that delivers results, not rhetoric. I am a Navy veteran who served 26 years, rising from junior enlisted sailor to Commander. As a Naval Officer and Systems Engineer, I led high-stakes national security programs and solved some of our military's toughest technological challenges. Service and leadership have defined my life. I am running for Congress to continue that service, not to build a political career, but to deliver real solutions for the Central Coast. My priorities are clear: restore affordability and expand homeownership; strengthen agriculture and protect our agricultural heritage; secure reliable energy and water; build education and workforce pathways that make the Central Coast a national leader in technology and innovation; advance responsible immigration reform; defend our nation; and support our veterans. The challenges we face are not partisan. They are practical. I will evaluate every issue independently, judge ideas by whether they work, and work with anyone willing to get results. My commitment is to the people of the Central Coast. I will fight to bring federal resources home, strengthen our local economy, and ensure our children can build their futures here. Common Sense. Common Ground. Central Coast First. I respectfully ask for your vote. www.bobsmithforcongress.com

DIANA PEREZ

Occupation: College Administrator

Education and Qualifications: I earned a Bachelor's Degree in Political Science from UC Santa Barbara and a Master's Degree in Education from Fresno State University. For more than 25 years, I have served at Allan Hancock College, helping thousands of students achieve their higher education, college, and career goals. Through my work, I have developed strong relationships not only with our local community college but also with colleges and universities throughout California. I will bring my knowledge to ensure every graduate is prepared to compete for college admission, career opportunities, or skilled trades.

Having previously served on the Santa Maria Joint Union High School District Board of Education, I am eager to return with renewed energy and a commitment to addressing overcrowding, expanding career technical education, and ensuring our teachers, counselors, and classified staff have the support and resources they need to help students succeed.

**IMPARTIAL ANALYSIS OF
MEASURE H2026
ALLAN HANCOCK COMMUNITY COLLEGE DISTRICT**

This measure was placed on the ballot by the Board of Trustees of the Allan Hancock Joint Community College District, which is the governing board of the District.

If approved by 55% of the voters voting on the proposition, this measure would authorize the District to issue and sell bonds of up to \$290,000,000 in aggregate principal amount, at legal rates, to provide financing for the specific college facilities projects listed in the District's Project List. The Project List, as well as the full text of the measure, are printed in the voter information guide. None of the proceeds from the sale of bonds may be used for teacher or administrator salaries or operating expenses.

The bonds and interest thereon would be payable from property taxes levied on taxable property in the District. These taxes would be in addition to the property taxes currently levied on taxable property in the District. The amount of the increased taxes each year would depend upon the amount needed to pay the principal and interest on the bonds. The District estimates that both the average and highest tax rate necessary to fund these bonds will be \$19.00 per year for every \$100,000 of assessed valuation. The District's estimate of the final fiscal year in which the tax is anticipated to be collected is 2067-68. The District's best estimate of the total debt service on the bonds, if all are issued and sold, is approximately \$618,176,000.

The bond measure includes the following accountability requirements:

- A. A requirement that the proceeds from the bond sale be used only for the above purposes and not for any other purpose, including teacher and administrator salaries, and other District operating expenses.
- B. A list of the specific college facilities projects to be funded and certification that the college district board has evaluated safety, class size accommodation and information technology needs in developing that list.
- C. A requirement that the college district board conduct an annual, independent performance audit to ensure that the funds have been spent only on the college facilities projects listed in the Project List.
- D. A requirement that the college district board conduct an annual, independent financial audit of the bond proceeds until all of such proceeds have been spent for the college facilities projects listed in the Project List.
- E. If the measure is approved, the District Board of Trustees will also establish an independent citizens' oversight committee to ensure bond proceeds are used only to fund the projects listed in the Project List, as printed in the voter information guide.
- F. If the measure is approved, the proceeds of the bonds will be deposited into a Building Fund to be held by the Santa Barbara County Treasurer-Tax Collector. An annual report will be filed with the Board containing information regarding the amount of funds collected and expended, and the status of any project funded or to be funded from bond proceeds.

**TAX RATE STATEMENT FOR
MEASURE H2026
ALLAN HANCOCK COMMUNITY COLLEGE DISTRICT**

An election will be held in the Allan Hancock Joint Community College District (the "District") on November 3, 2026 for the purpose of submitting to the electors of the District the question of incurring bonded indebtedness of the District in the principal amount of \$290 million. If such bonds are authorized and sold, the principal thereof and interest thereon will be payable from the proceeds of taxes levied on the taxable property in the District. The following information regarding tax rates is given in compliance with Section 9401 of the California Elections Code. This information is based upon the best estimates and projections presently available from official sources, upon experience within the District and other demonstrable factors.

Based upon the foregoing and projections of the assessed valuations of taxable property in the District, and assuming the entire debt service on the bonds will be paid through property taxation:

1. The best estimate of the average annual tax rate that would be required to be levied to fund the bond issue over the entire duration of the bond debt service, based on assessed valuations available at the time of the filing of this statement, or a projection based on experience within the same jurisdiction or other demonstrable factors is \$19.00 per \$100,000 of assessed valuation of all property to be taxed. It is estimated that the final fiscal year in which the tax is anticipated to be collected is 2067- 68.
2. The best estimate of the highest tax rate that would be required to be levied to fund the bond issue, and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, or a projection based on experience within the same jurisdiction or other demonstrable factors, is \$19.00 per \$100,000 of assessed valuation of all property to be taxed and the year is 2037-38, and each year while the bond are outstanding.
3. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is approximately \$618,176,000.

Attention of voters is directed to the fact that the foregoing information is based upon projections and estimates only. The actual timing of sales of the bonds and the amount to be sold at any time will be governed by the needs of the District and other factors. The actual interest rates at which the bonds will be sold, which will not exceed the maximum permitted by law, will depend upon the bond market at the time of sale. The actual assessed valuations in future years will depend upon the value of property within the District as determined in the assessment and the equalization process. Assessed valuation is not the same as market price of real property. Therefore, the actual tax rates and the years in which those tax rates will be applicable may vary from those presently estimated and stated above.

Voters should note that estimated tax rates are based on the *ASSESSED VALUE* of taxable property on the respective Santa Barbara County, San Luis Obispo County and Ventura County official tax rolls, *not* on the property's market value. Property owners should consult their own property tax bills to determine their property's assessed value and any applicable tax exemptions.

ARGUMENT IN FAVOR OF

MEASURE H2026

ALLAN HANCOCK COMMUNITY COLLEGE DISTRICT

YES on Measure H: Upgrade Allan Hancock College so students can compete for today's and tomorrow's jobs!

Hancock is a vital resource for our community. It trains local nurses, healthcare workers, firefighters and first responders who keep us safe, and skilled workers who fuel our economy.

Two in every five local high school graduates rely on Hancock for affordable, local higher education and job training.

Costs are rising at UC and CSUs; Hancock offers local students affordable access to college.

Hancock also helps veterans and military families build successful civilian careers through support services and career-focused training.

Vote Yes on Measure H to upgrade and repair aging classrooms, labs, and job training facilities that were built decades ago and don't meet modern educational and safety standards.

Measure H will also allow Hancock to build a University Center to support four-year nursing and business degrees locally in partnership with Cal Poly and CSU Channel Islands.

Vote YES on H:

- Upgrade classrooms, career-training facilities, and equipment so students are prepared for in-demand careers and skilled trades like nursing, welding, machining, and auto technology
- Provide classrooms, facilities, and technology needed to support high-quality instruction in math, science, engineering, and technology
- Replace and modernize aging infrastructure including electrical service, plumbing, heating, roofs, ventilation, gas lines, sewer lines, and electrical systems

Measure H Requires Fiscal Accountability & Local Control

- All funds are controlled locally and stay in our community to improve local Hancock facilities; no funds can be taken away by the State or used for other purposes
- Mandatory independent citizens' oversight committee, annual audits, and public spending disclosures
- No money can be used for administrators' salaries or pensions

Join community leaders, businesses, and first responders in voting YES on H for quality higher education for local students and veterans!

MEASURE H2026
ALLAN HANCOCK COMMUNITY COLLEGE DISTRICT**

ALLAN HANCOCK JOINT COMMUNITY COLLEGE DISTRICT AFFORDABLE HIGHER EDUCATION. To repair and upgrade Allan Hancock College's aging classrooms, labs, career training facilities; construct classrooms to improve affordable education for students/veterans in science, math, nursing, welding, machining, skilled trades; offer local four-year degrees with Cal-Poly partnership; fix roofs, plumbing, electrical; and remove asbestos; shall Allan Hancock College's measure authorizing \$290 million in bonds at legal rates be adopted, levying \$19 /\$100,000 assessed value (\$16 million annually while bonds are outstanding), with citizen oversight of locally controlled funding?

Bonds – Yes

Bonds - No

FINDINGS

- Allan Hancock Joint Community College District has provided a high-quality, affordable college education and career training to local students from Santa Maria, Orcutt, Guadalupe, Lompoc, Buellton, Solvang, Santa Ynez and Cuyama for over 100 years.
- The District maintains community college locations in Santa Maria, Lompoc, Guadalupe and Santa Ynez Valley, and offers a wide range of high-quality undergraduate degrees, university-transfer courses, dual enrollment, certificate programs, career and technical education and training.
- Allan Hancock College offers a wide range of student support and educational counseling services.
- Allan Hancock College serves as a vital local community resource that offers students of all ages and backgrounds the opportunity to learn skilled trades, gain new career skills, and access affordable higher education.
- With the cost of attending California public universities more than six times that of community colleges, nearly 40% of our local high school graduates every year rely on Allan Hancock College for higher education and job training.
- Since 2018, over 11,971 local high school students have benefited from the Hancock Promise program receiving their first year of college free through the program, and since Fall 2024, the benefit was extended to a full two years of free tuition for local high school graduates.
- Allan Hancock College trains local nurses and healthcare workers who serve our medical needs, firefighters and first responders who keep us safe, and skilled workers like veterinary technicians, auto mechanics and welders who fuel our economy. AHC provides low-cost, high-quality education, job training and community learning options for all residents, helping build a well-trained workforce to meet the needs of local businesses and our community.
- In addition to training essential healthcare and public safety workers, Allan Hancock College provides education and job training to the hospitality workers and skilled workers that fuel the local economy.
- Allan Hancock College helps ensure that lower and middle-income students who can't afford the high price of a university still have an opportunity to succeed in college and careers.
- Allan Hancock College has partnered with California Polytechnic State University San Luis Obispo and California State University Channel Islands to bring four-year degree programs to the District, which improves opportunities for local students and helps the local economy; and
- Allan Hancock College consistently has one of the best acceptance rates to the UC system and California State University campuses, including Cal Poly, San Luis Obispo and University of California, Santa Barbara.
- While Allan Hancock College has served the community well for decades, the college is over 100 years old, and many classrooms, labs and career training equipment, as well as technology and facilities, need repairs upgrades and/or replacement to meet current academic needs, support services, accessibility, and safety standards.
- Deteriorating electrical systems, plumbing, and roofs need repair or replacement. Local funding for these repairs will ensure students and veterans have access to an affordable, high-quality education and the opportunity to succeed in college and careers for generations to come.
- Some classrooms were built so long ago that they have asbestos, mold, and do not meet current earthquake safety standards.
- In 2023, the Allan Hancock Joint Community College District prepared a Facilities Master Plan (FMP) that evaluates the condition of all college facilities, identifies needed improvements and provides a plan to upgrade classrooms, career training and college facilities, such FMP is incorporated herein by reference, with any updates made thereto.
- To repair and upgrade aging college facilities, local funding is needed and the District Board of Trustees believes that locally controlled funding from a college facilities improvement bond measure is needed.
- Locally controlled funding from a college facilities improvement bond measure would provide modern science labs, career training facilities and equipment so students are prepared for in-demand careers in fields like nursing, health sciences, engineering, chemistry, technology and skilled trades.
- Locally controlled funding from a college facilities improvement bond measure would repair or replace leaky roofs, plumbing and faulty electrical systems.
- Locally controlled funding from a college facilities improvement bond measure would keep computer systems and instructional technology up-to-date.
- Locally controlled funding from a college facilities improvement bond measure would upgrade older buildings so they meet current health and building safety codes, earthquake safety standards, and provide access for students with disabilities.
- Approval of a college facilities improvement bond measure will make the District eligible to receive more than \$38 million in State matching money that otherwise will continue to go to other communities.

- A local college facilities improvement measure would include strict accountability and local control requirements, including an independent citizens' oversight committee, mandatory annual audits, and public disclosure of all spending.
- By law, all funds from the measure may only be used to improve District facilities and no funds could be taken away by the State, diverted to other uses, and no funds could be used for administrator salaries or benefits.

PROJECTS

The Board of Trustees (the "Board") of the Allan Hancock Joint Community College District certifies that it has evaluated the District's urgent and critical capital needs, including college and student safety issues, enrollment trends, energy efficiency and computer technology, seismic safety requirements, and aging, outdated or deteriorating campus buildings in developing the scope of projects. In developing the scope of projects, the District has prioritized the key health and safety and sustainability needs so that the most critical college site and facility needs are addressed. The Board conducted an evaluation at all District sites and received input in developing the scope of projects. This input concluded that if these needs were not addressed now, the problems would only get worse and more expensive to address in the future. The Board concluded that protecting the quality of college facilities, the quality of life in our community and the value of our homes is a wise investment. The Board also concluded that providing safe and updated learning facilities for our students is a wise investment. The Project List includes the acquisition, construction, reconstruction, rehabilitation, or replacement of facilities at all District sites, including but not limited to, the college's locations in Santa Maria, Lompoc, Guadalupe and Santa Ynez Valley, and includes the furnishing and equipping of college facilities, or the acquisition or lease of real property for college facilities. Because only those capital improvements included on this Project List may be funded, in whole or in part, with the proceeds of the bonds, the Board has listed many possible capital improvement projects. This does not mean that any or all of the projects listed on this Project List will be completed or funded. The placement of the listing of a particular capital improvement on the Project List does not imply any particular prioritization among such improvements, which remains within the province of the Board by subsequent action. In approving this Project List, the Board determines that the District should:

The allocation of bond proceeds may be affected by the District's receipt of State matching funds and the final costs of each project. In the absence of State matching funds, which the District will aggressively pursue to reduce the District's share of the costs of the projects, the District may undertake fewer than all of the projects listed above. Some projects may be undertaken as joint use projects in cooperation with other local public or non-profit agencies. The final cost of each project will be determined as plans and construction documents are finalized, construction bids are received, construction contracts are awarded and projects are completed. Based on the final costs of each project, certain of the projects described above may be delayed or may not be completed. Demolition of existing facilities and reconstruction of facilities scheduled for repair and upgrade may occur, if the Board determines that such an approach would be more cost-effective in creating more enhanced and operationally efficient campuses.

Necessary site preparation/ restoration may occur in connection with new construction, renovation or remodeling, or installation or removal of relocatable classrooms, including ingress and egress, removing, replacing or installing irrigation, storm drainage, and utility lines, trees and landscaping, relocating fire access roads, and acquiring any necessary easements, licenses, or rights of way to the property. Proceeds of the bonds may be used to pay or reimburse the District for the costs of District staff when performing work on or necessary and incidental to bond projects. Bond proceeds shall only be expended for the specific purposes identified herein. The District shall create an account into which proceeds of the bonds shall be deposited and comply with the reporting requirements of California Government Code Section 53410.

NO DISTRICT ADMINISTRATOR SALARIES. Proceeds from the sale of the bonds authorized by this measure shall be used only for the acquisition, construction, reconstruction, rehabilitation, or replacement of District facilities, including the furnishing and equipping of facilities, and not for any other purpose, including teacher and administrator salaries or pensions or other operating expenses.

FISCAL ACCOUNTABILITY. THE EXPENDITURE OF BOND MONEY ON THESE PROJECTS IS SUBJECT TO STRINGENT FINANCIAL ACCOUNTABILITY REQUIREMENTS. BY LAW, PERFORMANCE AND FINANCIAL AUDITS WILL BE PERFORMED ANNUALLY, AND ALL BOND EXPENDITURES WILL BE MONITORED BY AN INDEPENDENT CITIZENS' OVERSIGHT COMMITTEE (CALIFORNIA EDUCATION CODE SECTION 15278 *ET SEQ.*) TO ENSURE THAT FUNDS ARE SPENT AS PROMISED AND SPECIFIED. THE CITIZENS' OVERSIGHT COMMITTEE MUST INCLUDE, AMONG OTHERS, REPRESENTATIVES OF A BONA FIDE TAXPAYERS ASSOCIATION, A BUSINESS ORGANIZATION AND A SENIOR CITIZENS ORGANIZATION. NO DISTRICT EMPLOYEES OR VENDORS ARE ALLOWED TO SERVE ON THE CITIZENS' OVERSIGHT COMMITTEE.

BOND AUTHORIZATION

By approval of Measure H2026 by at least 55 percent of the registered voters voting on the measure, the District will be authorized to issue and sell bonds of up to \$290 million in aggregate principal amount at interest rates not in excess of the legal limit and to provide financing for the specific District facilities projects listed in the Project List as set forth above, subject to the accountability requirements specified below. The bonds may be issued under the provisions of the California Education Code (starting at Section 15100), under the provisions of the California Government Code (starting at Section 53506), or under any other provision of law authorizing the issuance of general obligation bonds by community college districts. The bonds may be issued in series by the District from time to time, and each series of bonds shall mature within the legal limitations set forth in the applicable law under which the bonds are issued.

FUNDS PROTECTED FOR LOCAL USE

Proceeds from the sale of bonds authorized by Measure H2026 will be used solely on local projects and will not be subject to appropriation by agencies outside of the District.

ACCOUNTABILITY REQUIREMENTS

The provisions in this section are specifically included in Measure H2026 in order that the voters and taxpayers in the District may be assured that their money will be spent wisely. Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIII A, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at California Education Code Sections 15264 and following). The proceeds from the sale of the bonds will be deposited into a Building Fund to be held by the Santa Barbara County Treasurer-Tax Collector, as required by the California Education Code, and will be used only for the purposes specified in Measure H2026 and not for any other purpose.

Evaluation of Needs: The Board has identified detailed facilities needs of the District and has determined which projects to finance from a local bond at this time. The Board hereby certifies that it has evaluated enrollment growth, student safety, class size accommodation, repairs/upgrades to older facilities, and information technology needs in developing the Project List as set forth above.

Independent Citizens' Oversight Committee: The Board shall establish an Independent Citizens' Oversight Committee under California Education Code Section 15278 to ensure bond proceeds are expended only on the college facilities projects listed above. The Committee will be established within 60 days of the date when the results of the election appear in the minutes of the Board.

Performance Audits: The Board shall conduct an annual, independent performance audit to ensure that the bond proceeds have been expended only on the college facilities projects listed as set forth above.

Financial Audits: The Board shall conduct an annual, independent financial audit of the bond proceeds until all of those proceeds have been spent for the college facilities projects listed above.

Annual Report: The Superintendent/President of the District is required to cause an annual report to be filed with the Board, the first report to be filed not later than one year after the issuance of the first series of the bonds, which report shall contain pertinent information regarding the amount of funds collected and expended, as well as the status of the projects listed in Measure H2026 as required by Sections 53410 and 53411 of the California Government Code.

COMPLETION OF PROJECTS

Completion of the bond projects listed above is subject to the availability of adequate funding to the District. Approval of the Bond Measure does not guarantee that the proposed projects in the District that are the subject of bonds under the measure will be funded beyond the local revenues generated by the Bond Measure. The District's proposal for the projects may assume the receipt of matching State funds, which could be subject to appropriation by the Legislature or approval of a Statewide bond measure or additional measures. The proceeds from the sale of the bonds will be used only for the purposes specified in Measure H2026, and not for any other purpose.

SCOPE OF PROJECTS

Bond proceeds will be expended to upgrade, repair, replace, renovate, construct, acquire, equip, furnish, rebuild and otherwise improve educational and support facilities within the District. Projects which are described above include all related and incidental costs, including their share of the costs of the election and bond issuance and costs of design, engineering, architectural and other professional services, inspections, site preparation, utilities, landscaping, construction management and other planning, legal, accounting and similar costs, independent annual financial and performance audits, a customary construction contingency, and other costs incidental to and necessary for completion of the listed projects.

Bond proceeds may also be expended to acquire and install furniture, fixtures and equipment at any classrooms and other educational facilities within the District. The District may alter the scope and nature of any of the specific projects which are described above as required by conditions that arise during the course of design and construction.

Whenever specific items are included in the above list, they are presented to provide examples and are not intended to limit the generality of the broader description of authorized projects. The order in which particular projects are listed is not intended to indicate priority for funding or completion.

**IMPARTIAL ANALYSIS OF
MEASURE C2026
CITY OF SANTA MARIA**

The Santa Maria City Council has placed Measure C2026 on the ballot to ask the voters of Santa Maria if the City should enact a local one-half (1/2) cent sales tax. The sales tax is also called a transactions and use tax. The City currently collects a local one (1) cent sales tax under the previously adopted Measure U. If approved by the voters, this local one-half (1/2) cent sales tax would be collected in the same manner as the existing local one (1) cent sales tax. The proposed increased local sales tax would continue until repealed by the voters of the City.

As a general local tax approved by the voters of Santa Maria, Measure C2026's revenue must be placed in the City's general fund and used for general governmental purposes. It is estimated that Measure C2026 will provide an additional \$13 million in annual local funding that could be used to maintain and enhance community services including parks and recreation, the aquatic center, library, youth programs, and roads and streets. The State cannot take the revenue from Measure C2026 for its own use.

Measure C2026 would require annual independent audits to account for the tax revenues received and expenditures made in relation to the local one-half (1/2) cent sales tax. Such audits will be provided to the City Council for their review.

A "Yes" vote is a vote to approve the local one-half (1/2) cent sales tax. A "No" vote is a vote against the local one-half (1/2) cent sales tax. Measure C2026 will be approved if it receives a simple majority of "Yes" votes.

The above statement is an impartial analysis of Measure C2026. If you desire a copy of Measure C2026, please call the Santa Maria City Clerk's Office at (805) 925-0951, extension 2306, and a copy will be mailed at no cost to you.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SANTA MARIA, AS FOLLOWS:

SECTION 1. Chapter 3-8B of Title 3 of the Santa Maria Municipal Code is hereby added to read as follows:

CHAPTER 3-8B CITY SERVICES TRANSACTIONS AND USE TAX

Section 3-8B.01. Title.

This Chapter shall be known as the "City Services Transactions and Use Tax Code." The City of Santa Maria hereinafter shall be called "City." This Chapter shall be applicable in the incorporated territory of the City.

Section 3-8B.02. Operative Date.

"Operative Date" means the first day of the first calendar quarter commencing more than 110 days after adoption of this Chapter, the date of such adoption being August 4, 2026.

Section 3-8B.03. Purpose.

This Chapter is adopted to achieve the following, among other purposes, and directs that the provisions hereof be interpreted in order to accomplish those purposes:

(a) To impose a retail transactions and use tax in accordance with the provisions of Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code and Section 7285.9 of Part 1.7 of Division 2 which authorizes the City to adopt this tax which shall be operative if a 50% and 1 vote of the electors voting on the measure vote to approve the imposition of the tax at an election called for that purpose.

(b) To adopt a retail transactions and use tax that incorporates provisions identical to those of the Sales and Use Tax Law of the State of California insofar as those provisions are not inconsistent with the requirements and limitations contained in Part 1.6 of Division 2 of the Revenue and Taxation Code.

(c) To adopt a retail transactions and use tax that imposes a tax and provides a measure therefore that can be administered and collected by the California Department of Tax and Fee Administration in a manner that adapts itself as fully as practicable to, and requires the least possible deviation from, the existing statutory and administrative procedures followed by the California Department of Tax and Fee Administration in administering and collecting the California State Sales and Use Taxes.

(d) To adopt a retail transactions and use tax that can be administered in a manner that will be, to the greatest degree possible, consistent with the provisions of Part 1.6 of Division 2 of the Revenue and Taxation Code, minimize the cost of collecting the transactions and use taxes, and at the same time, minimize the burden of recordkeeping upon persons subject to taxation under the provisions of this ordinance.

Section 3-8B.04. Contract with State.

Prior to the operative date, the City shall contract with the California Department of Tax and Fee Administration to perform all functions incident to the administration and operation of this transactions and use tax; provided, that if the City shall not have contracted with the California Department of Tax and Fee Administration prior to the operative date, it shall nevertheless so contract and in such a case the operative date shall be the first day of the first calendar quarter following the execution of such a contract.

Section 3-8B.05. Transactions Tax Rate.

For the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers in the incorporated territory of the City at the rate of 0.5% of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in said territory on and after the operative date of this Chapter. This tax is in addition to the tax imposed by Chapter 3-8A of this code.

Section 3-8B.06. Place of Sale.

For the purposes of this Chapter, all retail sales are consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. The gross receipts from such sales shall include delivery charges, when such charges are subject to the state sales and use tax, regardless of the place to which delivery is made. In the event a retailer has no permanent place of business in the State or has more than one place of business, the place or places at which the retail sales are consummated shall be determined under rules and regulations to be prescribed and adopted by the California Department of Tax and Fee Administration.

Section 3-8B.07. Use Tax Rate.

An excise tax is hereby imposed on the storage, use or other consumption in the City of tangible personal property purchased from any retailer on and after the operative date of this Chapter for storage, use or other consumption in said territory at the rate of 0.5% of the sales price of the property. This tax is in addition to the tax imposed by Chapter 3-8A of this code. The sales price shall include delivery charges when such charges are subject to state sales or use tax regardless of the place to which delivery is made.

Section 3-8B.08. Adoption of Provisions of State Law.

Except as otherwise provided in this Chapter and except insofar as they are inconsistent with the provisions of Part 1.6 of Division 2 of the Revenue and Taxation Code, all of the provisions of Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code are hereby adopted and made a part of this Chapter as though fully set forth herein.

Section 3-8B.09. Limitations on Adoption of State Law and Collection of Use Taxes.

In adopting the provisions of Part 1 of Division 2 of the Revenue and Taxation Code:

(a) Wherever the State of California is named or referred to as the taxing agency, the name of this City shall be substituted therefore. However, the substitution shall not be made when:

(1) The word "State" is used as a part of the title of the State Controller, State Treasurer, State Treasury, or the Constitution of the State of California;

(2) The result of that substitution would require action to be taken by or against this City or any agency, officer, or employee thereof rather than by or against the California Department of Tax and Fee Administration, in performing the functions incident to the administration or operation of this Chapter.

(3) In those sections, including, but not necessarily limited to sections referring to the exterior boundaries of the State of California, where the result of the substitution would be to:

(A) Provide an exemption from this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not otherwise be exempt from this tax while such sales, storage, use or other consumption remain subject to tax by the State under the provisions of Part 1 of Division 2 of the Revenue and Taxation Code, or;

(B) Impose this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not be subject to tax by the state under the said provision of that code.

(4) In Sections 6701, 6702 (except in the last sentence thereof), 6711, 6715, 6737, 6797 or 6828 of the Revenue and Taxation Code.

(b) The word "City" shall be substituted for the word "State" in the phrase "retailer engaged in business in this State" in Section 6203 and in the definition of that phrase in Section 6203.

Section 3-8B.10. Permit Not Required.

If a seller's permit has been issued to a retailer under Section 6067 of the Revenue and Taxation Code, an additional transactor's permit shall not be required by this Chapter.

Section 3-8B.11. Exemptions and Exclusions.

- (a) There shall be excluded from the measure of the transactions tax and the use tax the amount of any sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law or the amount of any state-administered transactions or use tax.

 - (5) For the purposes of subparagraphs (3) and (4) of this Section, the sale or lease of tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

 - (1) The gross receipts from the sale of which have been subject to a transactions tax under any state-administered transactions and use tax.

 - (5) For the purposes of subparagraphs (3) and (4) of this Section, storage, use, or other consumption, or possession of, or exercise of any right or power over, tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.
 - (6) Except as provided in subparagraph (7), a retailer engaged in business in the City shall not be required to collect use tax from the purchaser of tangible personal property, unless the retailer ships or delivers the property into the City or participates within the City in making the sale of the property, including, but not limited to, soliciting or receiving the order, either directly or indirectly, at a place of business of the retailer in the City or through any representative, agent, canvasser, solicitor, subsidiary, or person in the City under the authority of the retailer.
 - (7) "A retailer engaged in business in the City" shall also include any retailer of any of the following: vehicles subject to registration pursuant to Chapter 1 (commencing with Section 4000) of Division 3 of the Vehicle Code, aircraft licensed in compliance with Section 21411 of the Public Utilities Code, or undocumented vessels registered under Division 3.5 (commencing with Section 9840) of the Vehicle Code. That retailer shall be required to collect use tax from any purchaser who registers or licenses the vehicle, vessel, or aircraft at an address in the City.
- (d) Any person subject to use tax under this Chapter may credit against that tax any transactions tax or reimbursement for transactions tax paid to a district imposing, or retailer liable for a transactions tax pursuant to Part 1.6 of Division 2 of the Revenue and Taxation Code with respect to the sale to the person of the property the storage, use or other consumption of which is subject to the use tax.

Section 3-8B.12. Amendments.

All amendments subsequent to the effective date of this Chapter to Part 1 of Division 2 of the Revenue and Taxation Code relating to sales and use taxes and which are not inconsistent with Part 1.6 and Part 1.7 of Division 2 of the Revenue and Taxation Code, and all amendments to Part 1.6 and Part 1.7 of Division 2 of the Revenue and Taxation Code, shall automatically become a part of this Chapter, provided however, that no such amendment shall operate so as to affect the rate of tax imposed by this Chapter.

Section 3-8B.13. Enjoining Collection Forbidden.

No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court against the State or the City, or against any officer of the State or the City, to prevent or enjoin the collection under this ordinance, or Part 1.6 of Division 2 of the Revenue and Taxation Code, of any tax or any amount of tax required to be collected.

Section 3-8B.14. Annual Independent Audits.

The City shall ensure that annual independent audits are conducted to account for the tax revenues received and expenditures made in relation to the 0.5% transaction and use tax. Such audits will be provided to the City Council for their review.

Section 3-8B.15. Termination Date.

The authority to levy the tax imposed by this Chapter shall expire when ended by the voters of the City.

SECTION 2. USE OF TAX PROCEEDS. The proceeds of the tax approved by this Ordinance may be used for unrestricted general revenue purposes.

SECTION 3. SEVERABILITY. If any provision of this Ordinance or the application thereof to any person or circumstances is determined by a competent court to be invalid, the remainder of the Ordinance and the application of such provision to other persons or circumstances shall not be affected thereby.

SECTION 4. ELECTION REQUIRED. This Ordinance shall not become operative unless and until a 50% and 1 vote of the electors voting on this measure vote to approve the imposition of the tax at the General Election to be held on November 3, 2026.

SECTION 5. EFFECTIVE DATE. This Ordinance relates to the levying and collecting of the City transaction and use taxes and shall take effect immediately.

SECTION 6. COMPLIANCE WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT. This Ordinance has been reviewed for compliance with the California Environmental Quality Act (CEQA), and the CEQA guidelines, and the City's environmental procedures and determined not to be a "Project" under CEQA. Section 15378(b)(4) of the CEQA Guidelines states a Project does not include the creation of government funding mechanisms or other government fiscal activities which do not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment. The transactions and use tax imposed by the adoption of this Ordinance is a general tax that can be used for any legitimate governmental purpose; it is not a commitment to any particular action. Accordingly, the Ordinance is not a Project under CEQA. Furthermore, even if the Ordinance was a Project, it would be exempt pursuant to § 15061(b)(3) (common sense) of the CEQA Guidelines, which provides that a Project is exempt if it can be seen with certainty that there is no possibility that the activity in question may have a significant physical impact on the environment. The City Council hereby finds with certainty that there is no possibility the passage of this Ordinance will have a significant physical impact on the environment because the Ordinance is not a commitment to any particular action. If revenue from the tax were used for a purpose that would have such a potential for physical impact, the City would undertake any required CEQA review for that particular project at the earliest feasible date.

SECTION 7. CLERICAL CORRECTION. The Chief Deputy City Clerk is hereby authorized to make minor changes herein to address clerical errors, so long as substantial conformance of the intent of this document is maintained. In doing so, the Chief Deputy City Clerk shall consult with the City Manager and City Attorney concerning any changes deemed necessary.

THIS IS HOW SANTA BARBARA COUNTY STAYS OFFICIALLY INFORMED IN AN EMERGENCY

The County's emergency notification system is designed to provide official information and warnings before, during and after emergencies. This is vital in helping residents make important safety decisions, such as evacuation.

To confirm you are signed up, click the red "Register for Alerts" button, then follow the prompts to log in. Once you are in the system, verify that your info is correct and you have at least one address listed and one way for the County to reach you (text, email, cell, landline).

How do I get this? Text your zip code to **888777** and you are done! You can also receive Nixle text alerts in Spanish. More info is available at www.Nixle.com

Emergency Alert System (EAS):

EAS messages are transmitted via radio and television by participating local broadcasters, cable, and satellite providers and contain an audio message and a scrolling text.

How do I get this? You do not have to sign up for these types of alerts but you do have to be tuning into a local TV, radio, or cable/satellite station.

Wireless Emergency Alerts (WEA):

WEA is a public safety alerting tool that allows customers who own certain wireless phones and other enabled mobile devices to receive geographically- targeted, text-like messages alerting them of imminent threats to safety in their area.

How do I get this? You do not need to sign up to receive a WEA, but wireless companies volunteer to participate in the system, so check with your cell phone company to find out if they participate.
