In this year’s elections, some polling places will have translated sample ballots that voters can use as a reference when voting. The polling places that will have them are determined by the Secretary of State. To find out if your polling place will have a translated sample ballot, or to request to have one sent to you before Election Day, please visit our website or call our office. Requests must be received no later than 7 days before Election Day.

If you need assistance when voting, you may bring up to two people with you to your polling place, as long as they are not representatives of your employer or your union. Bring a family member or friend!

Accessible Voting

At the polling place
To check polling place accessibility, look for the words “Yes” or “No” beneath the wheelchair symbol on the back cover of this guide. In some polling places, temporary thresholds, mats, signage, cones, and door props are used to improve access to the facility.

Curbside voting (available at all polling locations for voters with disabilities)
- If your polling place is not accessible, follow the signs at your polling place and park in the curbside voting space. Ring the bell for voter assistance or call 1-800-722-8683.
- If your polling place is accessible, call 1-800-722-8683 in advance to request curbside voting at your polling place location.
- You may also have an assistant make the request for you inside the polling place.

Accessible voting system
Each polling place in the County has an AutoMARK ballot marking device with:
- an audio option that reads the ballot to you through headphones;
- a universal plug for personal assistive devices if needed;
- large print and black/white contrast; and
- a choice of English or Spanish language.

Voting Information
Audio and large print versions of the information printed in this guide and the State Voter Information Guide are available upon request. Call 1-800-SBC-VOTE (1-800-722-8683).

**How do I find my precinct board at the polling place?**
You will also see the word “Table” and a letter such as “A” on the back cover of this guide. This lets you know which table you should go to at your polling place.

**What do I do once I am at my polling place?**

At your precinct table:
- You will be asked to provide your name and address.
- You will then be asked to sign the Official Roster next to your name/address.
- You will then be provided your ballot, a ballot marking pen and secrecy sleeve. Please make sure your ballot matches the Sample/Practice Ballot in this guide and follow the instructions on the ballot.
- Vote your ballot at one of the voting booths and then take it to the clerk near the ballot box who will ask you to deposit your ballot in the ballot box.

**What to do if…**

**You received a vote by mail ballot and want to vote at your polling place:**
- Take your ballot and the return identification envelope you received with the ballot to the polling place and give it to the roster clerk.
- If you do not have your ballot and return identification envelope to turn in to the roster clerk, you will be issued a provisional ballot.

**You changed your name and did not reregister:**
- Let the roster clerk know, they will give you a new voter registration card to complete.
- You will need to sign your new and old name in the Official Roster.

**You didn’t provide your California driver’s license number when you mailed in your voter registration and you are voting for the first time:**
- See page 6 in this guide for information on Requirements for First Time Voters.

**Your name is not listed in the Official Roster, or you are listed at a different address:**
- Check to see if you are at the correct precinct table.
- Contact the County Elections Office. The precinct board will have cards with our telephone number and our staff can confirm you are registered and direct you to the correct polling place location; or
- You can vote a provisional ballot at that precinct.

**You need assistance marking your ballot:**
- You may ask to use the AutoMARK Voting Device to vote independently.
- You are allowed to bring up to two people to assist you with marking your ballot.
- You can ask a poll worker to assist you with marking your ballot.
- Assistance CANNOT be provided by your employer or an officer or agent of a union you are a member of.
- Tell the poll worker signing you in that you need assistance voting your ballot.
- You and your assistant(s) will be asked to complete the Assisted Voter section of the Official Roster.
Important Deadlines and Voter Registration Information

Important deadlines

October 22    Last day to register to vote for this election
October 30    Last day to request a vote by mail ballot
November 6    Election Day

On Election Day:
• Polling locations and County Election Offices are open from 7am to 8pm
• Last day for vote by mail ballots to be postmarked or received in the County Elections Office or any polling location in California.

Has your voter registration status changed?
• Have you moved?
• Have you changed your name?
• Have you changed your political party?
• Has your mailing address changed?

If you can answer yes to any of these questions, then you need to update your voter registration at http://www.registertovote.ca.gov or follow the link on the Santa Barbara County Elections website at http://www.sbcvote.com.

Requirements for First Time Voters

Any person voting for the first time who registers by mail and does not provide their California driver’s license, California identification number or last four digits of their Social Security number will be asked to show a form of identification when they go to the polls, or to provide a copy of that identification with their vote by mail ballot. There are 30 forms of identification that can be used for this purpose under the Help America Vote Act of 2002, including a government issued check or a utility bill that includes the person’s name and address.

For a full list of the forms of identification that can be used, visit the Secretary of State’s website at: http://www.sos.ca.gov/administration/regulations/current-regulations/elections/help-america-vote-act-identification-standards.

Conditional Voter Registration

Eligible residents who miss a voter registration deadline still have the option to participate. Under California Election Law, Conditional Voter Registration (CVR) allows a prospective voter to conditionally register through Election Day and cast a provisional ballot.

Conditional Voter Registration must be completed in person at a designated County Elections Office location. Please see the Upcoming Elections page at http://www.sbcvote.com for location information for a specific election or call the County Elections Office at 1-800-SBC-VOTE or 1-800-722-8683.

Expenditure Limitations – State Legislative Candidates

Voters passed Proposition 34 in November 2000. This law says we must tell voters the names of candidates who agree to campaign spending limits. This law only applies to candidates for State Legislative offices. Candidates who agree are allowed to pay for and publish a candidate’s statement of qualifications in this Voter Information Guide.

The following candidates have agreed to abide by the campaign spending limit and a candidate statement is included in this guide:

Assembly District 35 - Bill Ostrander Assembly District 37 - S. Monique Limón

The following candidates have agreed to abide by the campaign spending limit but have elected not to submit a candidate statement:

Assembly District 37 - David L. Norrdin

STATEMENT OF CANDIDATE FOR
United States Representative
24th District

SALUD CARBAJAL
Occupation: Member of Congress

Education and Qualifications: I'm Salud Carbajal. I'm a proud husband, father, and Marine Corps veteran.

I was the first in my family to graduate from a University, working two jobs to pay for my education at UCSB. I know what it's like to struggle and work hard to provide for my family, and I'm committed to making sure other families on the Central Coast have the same opportunities I did to get ahead.

I've strived to represent our Central Coast values in my service. I'm proud to have earned endorsements from the Sierra Club and Planned Parenthood for standing up for women's reproductive rights, preserving our environment, and protecting the integrity of our elections.

As a Member of Congress, I've worked with my Democratic and Republican colleagues to find common ground on issues that unite us. I've reached across the aisle to move forward bipartisan legislation that helps create new jobs, addresses the disastrous impacts of climate change, supports our nation's veterans and gold star families, fixes our broken immigration system, and invests in sustainable water infrastructure as our state faces an extended drought.

However, there is more work to be done. I'm willing to tackle the big issues to bring down the cost of health care, not repeal it. I'm fighting to make college more affordable and relieve students of crushing loan debt.

For more information about my campaign, please visit SaludCarbajal.com.

I hope to earn your support on November 6th.

Thank you,
Salud
STATEMENT OF CANDIDATE FOR
Member of the State Assembly
37th District

S. MONIQUE LIMÓN
Occupation: State Assemblymember

Education and Qualifications: I serve as the Assemblymember representing Santa Barbara and Ventura Counties and am a lifelong resident of the area. I have a proven record of protecting our environment, improving job training, and advancing women’s health care. I bring people together to solve problems.

My experience gives me a unique understanding of how state policies impact us locally. I am a strong voice at the State Capitol for our local communities, helping shape outcomes for people, our environment, and businesses.

As our communities suffered destructive natural disasters, I have worked tirelessly to partner with state, federal, and local leaders to ensure that we have the ability to rebuild and recover. As the Chair of the State Assembly Select Committee on Natural Disaster Response, Recovery, and Rebuilding, I have written legislation that will improve emergency communication, clean-up hazardous materials, and create a statewide taskforce on fire prevention. I am proud to be supported by the California Professional Firefighters.

My work to protect our environment have earned me the support of the Sierra Club and the California League of Conservation Voters. I will continue to stand up to attacks on laws passed that improve our air and water quality.

While efforts in Washington DC attempt to dismantle healthcare, I am working with a coalition to protect and improve it. I earned a 100% voting record with Health Access California, helped pass prescription drug pricing transparency, and wrote a new law providing emergency physicians with critical medical records.

I would be honored to have your vote.

BALLOT MEASURES, ANALYSES AND ARGUMENTS
(For measures that will be on your ballot)
IMPARTIAL ANALYSIS BY COUNTY COUNSEL
MEASURE G2018
COUNTY OF SANTA BARBARA

This measure was placed on the ballot by the County Board of Supervisors.

If approved by a majority of the voters voting on the proposition, this measure would amend the Santa Barbara County Code to create a County of Santa Barbara Citizens’ Independent Redistricting Commission (Commission). The Commission would act independently of the Board of Supervisors (Board) in adjusting the boundaries of supervisorial districts after each decennial (every 10 years) federal census.

The Commission would be created no later than December 31, 2020 and in each year ending in the number zero thereafter. The Commission would be comprised of 11 members, each meeting specified qualifications.

The Elections Official would create subpools for each of the five existing supervisorial districts, from applicants meeting stated qualifications, including residence in that district. The District Attorney would conduct a random drawing to select one commissioner from each of the five subpools. The five selected commissioners would appoint six additional applicants to the Commission, based on relevant experience, analytical skills, impartiality, and to ensure that the Commission reflects the County’s diversity, including racial, ethnic, geographic, age and gender diversity. The five commissioners would also consider political party preference, selecting applicants so that the political party preferences of the members shall be as proportional as possible to the percentage of voters who are registered with each political party in the County, as determined by registration at the most recent statewide election.

The Commission would establish supervisorial districts for the Board pursuant to a mapping process using several criteria, including:

- Districts shall comply with the U.S. Constitution and each district shall have a reasonably equal population, except where deviation is required to comply with the federal Voting Rights Act of 1965 or allowable by law.
- Districts shall comply with the federal Voting Rights Act of 1965.
- Districts shall comply with California Elections Code Section 21500, and in establishing the boundaries of the districts the Commission shall give consideration to the following factors: (a) topography, (b) geography, (c) cohesiveness, contiguity, integrity and compactness of territory, and (d) community of interests of the districts.
- Districts shall be geographically contiguous.
- The geographic integrity of any city, local neighborhood, or local community of interest shall be respected in a manner that minimizes its division to the extent possible.
- To the extent practicable, districts shall be drawn to encourage geographical compactness such that nearby areas of population are not bypassed for more distant areas of population.

Districts shall not be drawn for purposes of favoring or discriminating against an incumbent, political candidate, or political party.

The proposal contains procedures for the Commission to follow before adopting new boundaries, including the requirement to hold at least 7 public hearings before the Commission draws a map, with at least 1 in each of the existing supervisorial districts, and at least 7 public hearings after the Commission draws a draft map or alternative maps.

July 26, 2018

The above statement is an impartial analysis of Measure G2018. If you desire a copy of the measure, please call the elections official’s office at 1-800-722-8683 and a copy will be mailed at no cost to you.

You may also access the full text of the measure on the Upcoming Elections page of the County Election Office’s website at http://www.sbcvote.com.
The passage of this measure would approve an Ordinance which would establish a County of Santa Barbara (“County”) Citizens’ Independent Redistricting Commission (“Commission”). The Commission would be created by December 31, 2020, and in each year ending in the number zero thereafter. The Commission would adjust the boundaries of any or all of the supervisorial districts of the County independently from the influence of the Board of Supervisors (“Board”), political parties, campaign contributors or other special financial interests and be reasonably representative of the County’s diversity. The supervisorial districts would be adjusted in the year following the year in which the decennial federal census is taken by applying redistricting criteria specified in the Federal Voting Rights Act of 1965, California Elections Code Section 21500, and other criteria.

The Commission would consist of eleven (11) members that meet certain minimum qualifications. The County Elections Official would administer the application process for members of the Commission. The Commission would be required to conduct at least seven (7) noticed public hearings before drawing a new district map and at least seven (7) additional public hearings before adopting a redistricting plan. Upon approval of a final redistricting plan by an affirmative vote of seven (7) commissioners, the Commission would be required to issue a report explaining the basis on which the Commission made its decisions in achieving compliance with certain criteria specified for establishing district boundaries. In the event there are not a sufficient number of votes of commissioners for approval, the redistricting plan would be completed by a supervisorial redistricting commission in accordance with California Elections Code Sections 21501 and 21502.

Fiscal impacts associated with this measure include increased County General Fund expenditures for complying with the requirements of the new Ordinance. These costs are estimated to range from $700,000 to $1,000,000 and would be in addition to the normal costs the County would incur adjusting district boundaries as required every ten (10) years. These estimated additional costs include but are not limited to: County Elections costs for administering the application and selection process for members of the Commission, outside legal counsel for the Commission, Clerk of the Board costs for administering the Commission's required public hearings, services, supplies, translation costs, video recording, rent of meeting space for the required public hearings, and County staff or outside consultant costs to prepare the required report.

Actual costs associated with this measure may be different than these estimates due to various factors including: the number of hearings held, the number of applications received and processed, the extent of legal issues, the County staff time incurred, and the amount of services and supplies required by the Commission. Additional costs would also be incurred if a second supervisorial redistricting commission is required. All costs would be funded by general County revenues.

The measure is not expected to impact County revenues.

Vote YES on Measure G2018 You Draw the Lines for Good Government!

A YES vote on Measure G2018 will take the power to redraw Supervisorial District boundaries away from the politicians, and let YOU DRAW THE LINES!

Ten years ago, California voters established an Independent Redistricting Commission to draw State Legislative, Congressional and other district boundaries after each decennial census. It’s time for Santa Barbara County residents to establish their own Independent Commission, modeled after the successful Statewide Commission.

Vote YES on Measure G2018 to create an eleven member Independent Citizen’s Redistricting Commission.

The Independent Commission will be comprised of two volunteers from each Supervisorial District, and one at-large member. People with financial or political conflicts of interest will be removed from the pool of eligible commissioners.

Five commission members are selected at random, one from each Supervisorial District; the remaining six will be selected in an open public process, based on specific qualifications including:

- Having voted in Santa Barbara County
- Possessing analytic skills, and
- An appreciation of Santa Barbara County’s demographic and geographic diversity.

The final 11 member Independent Commission must reflect Santa Barbara County’s racial, ethnic, geographic, age and gender diversity, and as proportional as possible to the actual voter registration of the County.

Vote YES on Measure G2018 to ensure YOU DRAW THE LINES in a robust, open transparent public redistricting process!

- At least 7 public meetings, at least one in each Supervisorial District, before and after maps are proposed;
- Language translation services available at all meetings;
- Video recording of each meeting for public viewing;
- Public process which will allow individuals and groups to develop and submit maps to the Commission.

Measure G2018 is a comprehensive proposal adopted unanimously by the Board of Supervisors. They don’t always agree, but they do agree that YOU should Draw the Lines, not politicians.

Please join the Board of Supervisors, the League of Women Voters of Santa Barbara, and concerned residents: VOTE YES on Measure G2018 for Good Government!

The undersigned author(s) of the Argument in Favor of ballot measure G2018 at the Consolidated General Election for the County of Santa Barbara to be held on November 6, 2018, hereby state that such argument is true and correct to the best of his/her/their knowledge and belief.

/s/ Das Williams 8/1/2018
First District Supervisor on behalf of the Santa Barbara County Board of Supervisors

/s/ Peter Adam 8/1/2018
Fourth District Supervisor on behalf of the Santa Barbara County Board of Supervisors

NO ARGUMENT WAS FILED AGAINST MEASURE G2018.
This measure was placed on the ballot following a petition signed by the requisite number of voters.

If approved by a majority of the voters voting on the proposition, this Initiative would amend the Santa Barbara County Code to create a County of Santa Barbara Independent Redistricting Commission (Commission). The Commission would act independently of the Board of Supervisors (Board) in adjusting the boundaries of supervisorial districts after each decennial (every 10 years) federal census.

The Commission would be created no later than December 31, 2020 and in each year ending in the number zero thereafter. The Commission would be comprised of 5 members, plus 5 alternates, each meeting specified qualifications.

Among other criteria, the Commission would not include more than 2 members who are registered to vote with the same political party, as shown on the member’s most recent affidavit of registration. In addition, the Commission would include a member residing in each of the 5 existing supervisorial districts, and have an alternate from each of the districts, the alternate being of the same political affiliation of the member from said district.

Under the proposal, following advertising by the Clerk of the Board (Clerk), applicants meeting stated qualifications may submit their names to the Clerk to be included in a random drawing, subject to certain district residence and political affiliation rules, to select members and alternates at a meeting of the Board.

The proposal contains the following provisions, among others:

(1) The Commission shall adjust the supervisorial district boundaries after each decennial federal census and shall use federal census tracts and blocks in establishing the boundaries of supervisorial districts.

(2) The Commission shall adjust the boundaries of the supervisorial districts of the local jurisdiction so that the districts are equal, or nearly equal in population.

(3) The resulting supervisorial districts shall comply with any applicable provisions of Section 10301 of Title 52 of the United States Code, as amended.

(4) The resulting supervisorial districts shall be geographically contiguous and compact.

(5) In addition to the requirements in (1) through (4), the Commission shall consider the following criteria when establishing the boundaries of the supervisorial districts:

(A) Topography, watersheds, natural and artificial barriers;

(B) Cohesiveness, contiguity, integrity, and compactness of population centers;

(C) Existing neighborhoods, city limits and community boundaries; and

(D) Communities of interests. A community of interest is a contiguous population that shares common social and economic interests that should be included within a single district for purposes of its effective and fair representation.

(6) The Commission shall not draw districts for the purpose of favoring or discriminating against an incumbent, political party or political candidate.

The proposal specifies that the Board shall provide for reasonable staffing and logistical support for the Commission. The proposal contains procedures for the Commission to follow before adopting new boundaries, including the requirement to hold at least 5 public hearings, with at least 1 in each of the existing supervisorial districts, preceding the hearing at which the new boundaries are adopted.

The passage of this measure would approve an Ordinance which would establish an Independent Redistricting Commission (“Commission”) in the County of Santa Barbara (“County”). The Commission would be created by December 31, 2020, and in each year ending in the number zero thereafter. The Commission would adjust supervisorial district boundaries for the County independent from the influence of the Board of Supervisors (“Board”). The supervisorial districts would be adjusted in the year following the year in which the decennial federal census is taken by applying certain specified criteria.

The Commission would consist of five (5) members and five (5) alternates that meet certain specified qualifications. The Clerk of the Board (“Clerk”) would administer the application process for members of the Commission and alternates. The Commission would be required to conduct at least five (5) public hearings before the hearing to adopt the new district boundaries. Upon approval of a final redistricting map by a majority vote, the Commission would be required to issue a report explaining the basis on which the Commission made its decisions in achieving compliance with certain criteria specified for establishing district boundaries. If the Commission does not adopt new boundaries within the timeframe prescribed, the Clerk shall petition the Superior Court of California, County of Santa Barbara, for an order directing the appointment of special masters to adjust the boundaries in accordance with the specified redistricting criteria and requirements.

Fiscal impacts associated with this measure include increased County General Fund expenditures for complying with the requirements of the new Ordinance. These costs are estimated to range from $500,000 to $700,000 and would be in addition to the normal costs the County would incur adjusting district boundaries as required every ten (10) years. These estimated additional costs include but are not limited to: Clerk costs for administering the application and selection process for members and alternate members of the Commission, outside legal counsel for the Commission, Clerk costs for administering the Commission’s required public hearings, services, supplies, translation costs, video recording, rent of meeting space for the required public hearings, and County staff or outside consultant costs to prepare the required report.

Actual costs associated with this measure may be different than these estimates due to various factors including: the number of hearings held, the number of applications received and processed, the extent of legal issues, the County staff time incurred, and the amount of services and supplies required by the Commission. Additional costs would also be incurred if special masters are appointed to adjust the boundaries. All costs would be funded by general County revenues.

The measure is not expected to impact County revenues.

ARGUMENT IN FAVOR OF
MEASURE H2018
COUNTY OF SANTA BARBARA

Did you know that in Santa Barbara County, politicians get to pick their voters based on district lines they draw?

This is called gerrymandering, and it must stop. It’s time for every vote to be equally valuable – it’s time for every voice to be heard.

In 2016, the State of California allowed counties to give the power to draw district lines back to the voters. Santa Barbara County has not done this. So, we the People—a diverse coalition of concerned citizens from all parts of Santa Barbara County—put forth this initiative to require the County to place the power back in our hands, as was done when voters passed Propositions 11 and 20 to empower citizens to draw electoral boundaries.

As the only initiative produced by the voters of Santa Barbara County, Measure H-2018 will end decades of gerrymandering and manipulation by powerful special interests.

Voting YES on Measure H-2018 will create an Independent Redistricting Commission in Santa Barbara County. Free from the influence of powerful special interests – free from the control of entrenched politicians – free from gamesmanship – free from abuse.

• Measure H-2018 will create a nonpartisan, independent redistricting commission
• Measure H-2018 will not favor one political party over another
• Measure H-2018 will have independent representatives from each district of the County
• Measure H-2018 will require public meetings in all areas of the County
• Measure H-2018 will prevent special interests from serving on the Commission

Measure H-2018 has been placed on the ballot by citizens. Measure H-2018 will be comprised of citizens. Measure H-2018 will benefit the citizens.

Instead of politicians who have their next election as a priority, let's redraw the district lines so that their only priority is you.

Vote YES on Measure H-2018 and help us break the cycle of political self-interest.

The undersigned author(s) of the Argument in Favor of ballot measure H2018 at the Consolidated General Election for the County of Santa Barbara to be held on November 6, 2018, hereby state that such argument is true and correct to the best of his/her/their knowledge and belief.

REBUTTAL TO THE ARGUMENT IN FAVOR OF
MEASURE H2018
COUNTY OF SANTA BARBARA

The proponents of Measure H2018 want you to think that this measure was designed by “a diverse coalition of concerned residents from all parts of Santa Barbara County” to prevent special interests from influencing the redistricting process. NOTHING COULD BE FURTHER FROM THE TRUTH.

Measure H2018 was designed and funded by special interests FOR special interests.

A new organization, with only three identified members – called Reason In Government (RIG) and their campaign committee spent, as of June 30, over $146,700 to pay professional signature gatherers and qualify this initiative for the ballot. Their donor list reads like a who’s who of oil and north county development interests, including $46,000 from the California Independent Petroleum Association Political Action Committee. 95% of the contributions to this effort came from large North County landowners, oil and development interests or the Sacramento oil lobby. This information is publicly available on the County elections website.

The League of Women Voters believes that any independent redistricting commission should be designed to produce a commission that is independent not only from the Board of Supervisors, but political parties, campaign contributors, and other special financial interests, and it should be reasonably representative of the County’s diversity.

Measure H2018 provides no assurances that the commission it proposes will be independent or reflective of the community.

Our County deserves better than this. We deserve a truly independent citizens redistricting commission that operates with total transparency.

Stop the Special Interest Power Grab. Please vote NO on Measure H2018.

ARGUMENT AGAINST
MEASURE H2018
COUNTY OF SANTA BARBARA

The League of Women Voters urges you to vote NO on Measure H2018.

One hallmark of American democracy is “one person one vote.” Every ten years, we conduct a census and redraw political boundaries (redistricting) to equalize population in each district. Measure H2018 will change the way Santa Barbara County draws district lines following the upcoming 2020 census and beyond.

The League of Women Voters has many concerns about Measure H2018, drafted without any public input by a new organization called “Reason In Government”.

The League of Women Voters believes responsibility for redistricting should be vested in an independent commission that reflects the diversity of the community. Measure H2018 provides no assurances that the commission it proposes will be reflective of the community.

Measure H2018 establishes a complex selection process which enhances the power of the two major political parties at the expense of minor party members and the growing number of non-partisan voters who decline to state a party preference.

In 2016, the League of Women Voters US adopted a Position on Redistricting which emphasizes that redistricting plans should require more than a simple majority vote.

Measure H2018 Commission would have only five members, chosen by lottery, with no specific skills. A quorum is only three members. Only a simple majority is required by Measure H2018 to adopt new boundaries. This is bad public policy!

League of Women Voters US policy states that redistricting at all levels of government must be accomplished in an open, unbiased manner with citizen participation and access at all levels and steps of the process.

Measure H2018 requires only one public meeting in each of the five existing districts before the final hearing when the new districts are adopted.

The League of Women Voters of Santa Barbara respectfully asks that you vote NO on Measure H2018.

REBUTTAL TO THE ARGUMENT AGAINST
MEASURE H2018
COUNTY OF SANTA BARBARA

The League of Women Voters (LOWV) is right – Measure H-2018 DOES change how electoral districts are drawn – by ending gerrymandering in Santa Barbara County.

Their criticisms, however, are rife with contradiction:

- The LOWV argues that the commission “enhances the power of the two major political parties” – but Measure H-2018 prohibits any party from controlling the commission.
- Measure H-2018 is modeled after the highly-successful anti-gerrymandering Propositions 11 and 20. Interestingly, the LOWV enthusiastically supported these propositions.
- The LOWV claims that Measure H-2018 lacks public input, yet it was placed on the ballot through a citizen-led signature drive, just like Propositions 11 and 20.
- Contrary to the LOWV’s views, a simple majority requirement is good public policy because it protects marginalized political groups. The supermajority that LOWV advocates would only benefit major political parties. Measure H-2018 is designed to let every voter’s voice be heard in the political process.

Unlike the LOWV, which distrusts commissioners with “no specific skills,” we believe that the People are the best guardians of democracy – guided by common sense and life experience, and not tainted by special interests. Because Measure H-2018 would select commissioners at random, voters can count on a board that reflects Santa Barbara County’s rich diversity – with a common goal of fair representation for all.

It's time to end gerrymandering in Santa Barbara County. Join fellow residents by voting YES on Measure H-2018 – the only citizen-led initiative on the ballot to stop gerrymandering.

**Party Preference Abbreviations**

Due to the large number of candidates in several races this election, we will be abbreviating the candidates’ party preference that appears on the Official Ballot for Voter-Nominated Offices.

You will find the following abbreviations next to the words “Party Preference:"
- **DEM** for Democratic
- **REP** for Republican
- **AI** for American Independent
- **GRN** for Green
- **LIB** for Libertarian
- **PF** for Peace and Freedom

**Party Endorsements**

Parties have the option of submitting candidate endorsements for printing in this guide. Not all parties submit an endorsement and some parties may endorse a candidate from another party. The candidate’s party preference does not necessarily mean that they have that political party’s endorsement or support.

Proposition 2
Authorizes bonds to fund existing housing program for individuals with mental illness. Legislative statute. Amends Mental Health Services Act to fund No Place Like Home Program, which finances housing for individuals with mental illness. Ratifies existing law establishing the No Place Like Home Program. Fiscal impact: Authorizes $9.6 billion in state general obligation bonds for various infrastructure projects. Fiscal impact: Increased state costs to repay bonds averaging $4.3 billion per year for 40 years. Local government savings for water-related projects, likely averaging a couple hundred million dollars annually over the next few decades.

Proposition 3
Authorizes bonds to fund projects for water supply and quality, watersheds, fish, wildlife, water conveyance, and groundwater sustainability and storage. Initiative statute. Authorizes $9.17 billion in state general obligation bonds for various infrastructure projects. Fiscal impact: Increased state costs to repay bonds averaging $4.3 billion per year for 40 years. Local government savings for water-related projects, likely averaging a couple hundred million dollars annually over the next few decades.

Proposition 4
Authorizes bonds for construction at hospitals providing children’s health care. Initiative statute. Authorizes $3 billion in bonds, to be repaid from state’s General Fund, to fund grants for construction, expansion, renovation, and equipment of qualifying children’s hospitals. Fiscal impact: Increased state costs to repay bonds averaging about $90 million annually over the next 35 years.

Proposition 5
Changes requirements for certain property owners to transfer their property tax base to replacement property. Initiative constitutional amendment and statute. Modifies replacement property rules for homeowners over 55, severely disabled homeowners, and contaminated or disaster-destroyed property. Fiscal impact: School and local governments each would lose over $100 million annually for the first few years, growing to over $1 billion per year. Similar increase in state costs to backfill school property tax losses.

Proposition 6
Eliminates certain road repair and transportation funding. Requires certain fuel taxes and vehicle fees be approved by the electorate. Initiative constitutional amendment. Repeals a 2017 transportation tax law and fees designated for road repairs and public transportation. Fiscal impact: Reduced ongoing revenues of $5.1 billion from state and vehicle taxes that mainly would have paid for highway and road maintenance and repairs, as well as transit programs.

Proposition 7
Conforms California daylight saving time to federal law. Allows legislature to change daylight saving time period. Legislative statute. Gives legislature ability to change daylight saving time period by two-thirds vote, if changes are consistent with federal law. Fiscal impact: May have direct fiscal effect because changes to daylight saving time would depend on future actions by the Legislature and potentially the federal government.

Proposition 8
Repeals the Cougars Outpatient Kidney Dialysis Clinics Charge for Dialysis Procedure. Initiative statute. Requires rebates and penalties if charges exceed limit. Requires annual reporting to the state. Prohibits clinics from refusing to treat patients based on payment source. Fiscal impact: Overall annual effect on state and local governments ranging from net negative impact in the tens of millions of dollars to net negative impact in the tens of millions of dollars.

Proposition 9
Was removed from the ballot by order of the California Supreme Court.

Proposition 10
Expands local governments’ authority to impose on-call during work breaks. Eliminates certain employer liability. Initiative statute. Ratifies existing law entitling hourly employees to breaks without being on-call would not apply to private-sector ambulance employees. Fiscal impact: Likely fiscal benefit to local governments (in the form of lower costs and higher revenues), potentially in the tens of millions of dollars each year.

Proposition 11
Requires private-sector emergency ambulance employees to remain on-call during work breaks. Eliminates certain employer liability. Initiative statute. Ratifies existing law entitling hourly employees to breaks without being on-call would not apply to private-sector ambulance employees. Fiscal impact: Likely fiscal benefit to local governments (in the form of lower costs and higher revenues), potentially in the tens of millions of dollars each year.

Proposition 12
Establishes new standards for confinement of specified farm animals; bans sale of noncomplying products. Initiative statute. Establishes minimum requirements for confining certain farm animals. Prohibits sale of meat and egg products from animals confined in noncomplying manner. Fiscal impact: Potential decrease in state income tax revenues from farm businesses, likely in the range of several million dollars annually. State costs up to $10 million annually to enforce the measure.

Proposition 13
Establishes new standards for groundwater sustainability and during work breaks. Eliminates certain employer liability. Initiative statute. Ratifies existing law entitling hourly employees to breaks without being on-call would not apply to private-sector ambulance employees. Fiscal impact: Likely fiscal benefit to local governments (in the form of lower costs and higher revenues), potentially in the tens of millions of dollars each year.

Proposition 14
Amends Mental Health Services Act to fund No Place Like Home Program, which finances housing for individuals with mental illness. Ratifies existing law establishing the No Place Like Home Program. Fiscal impact: Authorizes $9.6 billion in state general obligation bonds for various infrastructure projects. Fiscal impact: Increased state costs to repay bonds averaging $4.3 billion per year for 40 years. Local government savings for water-related projects, likely averaging a couple hundred million dollars annually over the next few decades.

It’s easy to save water outdoors

By setting your sprinkler timer to run between 2-7 a.m., you avoid water waste through evaporation.

By simply reducing watering time by 2 minutes, your plants will get their fill and you can avoid runoff.

It’s easy to save water indoors

Reduce shower time from 10 minutes to 5; SAVE 12.5 GALLONS each time you shower.

Plug the sink instead of running the water while shaving and brushing your teeth; SAVE UP TO 300 GALLONS each month.

Turn off the water in your house and check your meter for a spinning triangle: MOVEMENT MEANS A LEAK! Repair leaks to save water and money.
