The County of Santa Barbara provides voting materials in English to all registered voters. In addition, as required by law, voting information is also available in Spanish. In certain areas of Santa Maria, there are a high number of Tagalog speakers, and we are required to provide voters in certain precincts with copies of their balloting material in Tagalog upon request.

El Condado de Santa Barbara provee materiales de votación en inglés para todos los electores inscritos. Además, según lo exige la ley, la información de votación también está disponible en español. En ciertas áreas de Santa María, hay un alto número de hablantes de Tagalo, y se nos exige proporcionarles a los electores de ciertos distritos electorales copias de su material electoral en Tagalo, previa solicitud.

Ang County ng Santa Barbara ay nagkakaloob ng mga materyales sa pagboto sa wikang Ingles sa lahat ng rehistradong botante. Bukod pa rito, alinsunod sa inaatas ng batas, mayroon ding impormasyon sa pagboto sa wikang Espanyol. Sa ilang partikular na lugar ng Santa Maria, maraming nagsasalita ng Tagalog, at inaatasan kaming magbigay sa mga botante sa ilang partikular na presinto ng mga kopya ng kanilang mga materyales sa pagboto sa Tagalog kung hihilingin.

**Education and Qualifications:** I’m Salud Carbajal. I’m a proud husband, father, and Marine Corps veteran. I was the first in my family to graduate from a university, working two jobs to pay for my education at UCSB. I know what it’s like to struggle, and I’m committed to making sure other families have the same opportunities I had to get ahead. For the last 12 years as a Santa Barbara County Supervisor, I’ve strived to represent our Central Coast values. I’m proud to have earned endorsements from Planned Parenthood and the Sierra Club for standing up for women’s reproductive rights, fighting for marriage equality, and protecting our environment.

I’ve worked with my Democratic and Republican colleagues to expand health insurance to 14,000 county children; invested in widening Highway 101 and other road projects to reduce congestion; and protected funding for public safety to keep our communities safe, even during tough economic times.

We’ve done that while using your tax dollars wisely—balancing the budget every year, building up the largest rainy day fund in county history, and earning the highest bond rating in the state.

In Congress, I’ll bring that same bipartisan spirit to tackling big issues: bringing down the cost of college; protecting our environment; creating new jobs by supporting small businesses and renewable energy; defeating ISIS; passing comprehensive immigration reform; reducing gun violence; and standing up for women’s rights and health care access.

Thank you,

Salud

**Education and Qualifications:** I’m running for Congress to get it working again for the American people, to bring true representation for the Central Coast to Washington, and to solve long-range issues that will affect this and future generations with new leadership and 21st century solutions.

Born and raised on the Central Coast, I attended Santa Barbara High School and continued my education at UCLA. After playing and coaching football at my alma mater, I worked for a senior member of Congress where I led a staff delegation to the Syrian border in Turkey and saw first-hand the instability in the region, helped draft several bills, built consensus among members, and successfully moved things forward.

A third generation California cattle rancher and Vice President of my family’s manufacturing and distribution small business, I understand the burdensome taxes and regulations coming out of Washington, and the implications it has on businesses, our agricultural community and job opportunities along the Central Coast. I’ve seen the dysfunction, polarization and empty rhetoric coming out of Washington from my time spent on Capitol Hill and I know how to fix it.

As your representative, I’ll work to reduce the out of control national debt and overregulation on Central Coast businesses, invest in infrastructure to bring long-range solutions to California’s water crisis, improve our education, ensure economic stability and local job opportunities for generations to come, and advocate for a concerted approach to our national security in order to provide a better way forward for all Americans.

EDWARD FULLER

AGE: 60

Education and Qualifications: People complain about growth in their neighborhoods but did you know this is mandated by state law? You are paying the price of Sacramento bureaucrats bent on driving up the population of California and your community. It will be my goal to dismantle the state's control of the planning process and return it to local citizens. Only you should be in control of how big your neighborhood gets.

The condition of the state's roads ranks 44th worst in the nation. The projected shortfall to maintaining our road infrastructure over the next ten years is $130 billion. Sacramento is unwilling to deal with this problem. I will work to put this issue directly to the state's voters to decide on a longterm solution that will preserve our road system.

Education is the most valuable investment our state can make in our future. I will be an advocate for better results and wise use of resources.

I will be an independent voice for the simplest pragmatic, creative, common sense solutions. I have decades of experience in negotiations, training in mediation, and an education in accounting. My career has been one of fiduciary service, as a trusted representative for my clients. A native of Santa Barbara, I grew up with a respect for all persons and their property. I have spent my life as an observer & participant in government. If elected I will work to create the best California for all citizens. For more information visit FullerForAssembly.org.

S. MONIQUE LIMÓN

Occupation: Educator/School Boardmember

Education and Qualifications: I have the integrity and experience to represent the people of Santa Barbara County in the State Assembly.

As a lifelong resident of the area and educator, I will be an effective champion for our schools, colleges and universities at the State Capitol. For over a decade, I have assisted hundreds of local students transition to and succeed in college through my work at UCSB.

I have worked with families locally to ensure access to health, career, and economic opportunities. My professional and public service experiences give me a unique understanding of how state policies and programs impact local communities. I understand the role the state can play in shaping outcomes for people, businesses, and communities and will be a strong voice for us at the State Capitol.

I also have a proven record of protecting our coast and environment, improving job training, and advancing women’s health care. I bring people together to get things done.

When in Sacramento, I will work to pass fair budgets, both balanced and on time. I will strive to expand quality health care, boost our regional economy through job creation, and work to protect our environment and quality of life on the South Coast.

That is why I am supported by the Santa Barbara Teachers Association, California League of Conservation Voters, California Nurses Association, California Professional Firefighters, State Senator Hannah-Beth Jackson, Assemblymember Das Williams, Santa Barbara County Supervisors Salud Carbajal, Doreen Farr and Janet Wolf, Mayor Helene Schneider, Goleta Councilmembers Paula Perotte and Michael Bennett, Carpinteria Councilmember Fred Shaw, and many more. Education and Qualifications: Water is the most precious resource that is publicly managed. Do we have a plan to be 100% self-sufficient? Water prices are too high. I am opposed to large concrete structures that wind from Northern California to Carpinteria. Conservation and the process of providing a generous, high quality supply of water, at a reasonable price to Carpinterians should be the primary mission of the District. Every industry has a set of “best practices” and because of its location; the Carpinteria Valley Water District should aspire to be a model and leader for its customers. I will do my best to help us to continue to be a place where we can take pride in how we manage this precious resource. I am an Independent Financial Advisor with a degree in History from UCSB. I retired as a Major in the US Army, and I flew combat missions in Viet Nam. We have lived in Carpinteria since 1986. Carpinteria Beautiful designated our “water wise” front yard as most beautiful one year. Conservation does not have to be ugly, or hard; it needs to be smart.
Arguments in support of or in opposition to the measures are the opinions of the authors. The full text of the measures, fiscal impact statement, tax rate statement, impartial analysis and arguments are also available on our website at sbcvote.com.
In 1963, local governments were granted the power to tax the privilege of occupying a room or living space in a hotel, motel, inn, tourist home, or other lodging when rented for 30 days or less. The Transient Occupancy Tax (also commonly referred to as TOT or hotel bed tax) is collected by the lodging operator in the unincorporated area of the County then remitted to the County Treasurer for deposit as general revenue to the County General Fund.

The measure would increase the existing County of Santa Barbara unincorporated area Transient Occupancy Tax rate from 10% to 12%. The current transient occupancy tax rate of 10% of the daily rent generated $9.1 million in fiscal year 2015-2016 for the County. If this measure is approved, the tax rate would increase to 12% and is estimated to generate an additional $1.8 million annually. The total of the tax collected changes on an annual basis as a result of increases or decreases in lodging rates and lodging occupancy.

The revenue generated by the transient occupancy tax is considered general revenue for the County General Fund. This tax source is the third largest discretionary General Fund tax source, following property taxes and retail sales taxes. This revenue is expended on general County government services and capital needs for public safety, law and justice, health services, public assistance, community resources, public facilities, legislative programs, administrative and general government services.

ARGUMENT IN FAVOR OF MEASURE B2016 COUNTY OF SANTA BARBARA

The transient occupancy tax (TOT), also known as the hotel tourist tax, is paid by visitors to local lodging establishments, which then helps pay for services in Santa Barbara County. Measure B would be a modest increase and the first to the county's TOT in 26 years. It would allow the Board of Supervisors to quickly reinvest the money into county priorities such as parks, roads, libraries, mental health services and public safety. Each decision made to determine where to spend the additional money would be completely transparent, easily accessible to the public, and subject to California's strict open meeting requirements.

While generating approximately $2 million in new revenue annually, Measure B would affect only defined short-term lodging properties located within the unincorporated area of Santa Barbara County, which excludes the eight incorporated cities. It would also give the unincorporated area parity with the cities of Santa Barbara, Goleta, Buellton, Carpinteria and Solvang who all have the same 12% rate proposed in Measure B.

Measure B is a sensible proposal supported by many individuals and groups from a variety of political perspectives. Please join us in supporting a modest tax increase to visitors that will have a significant positive impact on the quality of life for local residents.

The undersigned authors of the Argument in Favor of ballot measure B2016 at the Presidential General Election for the County of Santa Barbara to be held on November 8, 2016 hereby state that such argument is true and correct to the best of their knowledge and belief.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE B2016 COUNTY OF SANTA BARBARA

Beware of political rhetoric from the supporters of Measure B-2016.

Read their argument and the ballot question carefully. They purposely use the term "such as" to describe the potential programs on which these tax dollars can be spent. They are NOT telling you that they WILL spend new taxes on those programs. The County Board of Supervisors had the option to give you, the voter the choice of approving a tax that would specifically direct these funds towards your priorities, such as roads, parks and libraries, but they chose to keep the control for themselves.

The County has an annual budget of over One Billion Dollars and routinely overspends your tax dollars on pet-projects, employee salaries, benefits and pension increases and now they are coming to the taxpayer for more. If the County wants more revenue they should be promoting business development and eliminating red-tape.

The idea that money collected is new revenue from tourists is FALSE. These funds are not new, they have been coming to our community for years, but instead of being collected by county government in the form of taxes, they have been spent in local restaurants and at businesses, which in turn helps to create jobs. Measure B-2016 will hurt small businesses in Santa Barbara County.

Measure B-2016 is not modest, it is a 20% increase over the current tax rate.

Send a message to County Leaders that you want them to efficiently spend the tax dollars that they already get. Say "NO" to New Taxes and vote “NO” on Measure B-2016!

The undersigned author of the Rebuttal to the Argument in Favor of ballot measure B2016 at the Presidential General Election for the County of Santa Barbara to be held on November 8, 2016 hereby state that such argument is true and correct to the best of his knowledge and belief.

Chairman, Santa Barbara County Board of Supervisors
**ARGUMENT AGAINST MEASURE B2016 COUNTY OF SANTA BARBARA**

Measure B-2016 is a **tax increase** of TWENTY percent!

We are already over-taxed. The County of Santa Barbara has failed to reign in excessive employee compensation and out-of-control pensions.

Well-run counties use performance-based budgeting but Santa Barbara County does not. There is very little accountability for our tax money.

Astute hotel buyers look at how much tax they are paying before they book rooms and will take their business elsewhere.

Rather than raise taxes, the county should reform regulations in order to be friendlier to business.

Measure B-2016 is not good for Santa Barbara County because it:

- Will set off another round of tax increases
- Will force small "mom & pop" hotel operators out of business
- Takes away competitive advantage of hotels in the unincorporated areas
- Hurts consumers and employers

**VOTE NO** on the deceptive and wasteful Measure B-2016!

The undersigned authors of the Argument Against ballot measure B2016 at the Presidential General Election for the County of Santa Barbara to be held on November 8, 2016 hereby state that such argument is true and correct to the best of their knowledge and belief.

**REBUTTAL TO ARGUMENT AGAINST MEASURE B2016 COUNTY OF SANTA BARBARA**

If passed, the present Measure would be the first time in over TWENTY FIVE YEARS that the County’s Transient Occupancy Tax has been increased. Contrary to opponents’ argument citing loss of competitive advantage, the proposed TOT rate is identical to that of the largest cities surrounding the vast majority of the County’s lodging establishments. The County’s budget process and expenditure decisions are extremely transparent and thorough. For example, in 2015, over forty hours of public hearing time was devoted solely to the County budget, along with thousands of pages of public documents.

Several lodgings and hotel establishments have been approved for development or redevelopment in the past few years and are expected to come online in the near future. The modest increase would be paid by visitors to the County and would help pay for services and infrastructure utilized by County residents.

The undersigned authors of the Rebuttal to the Argument Against ballot measure B2016 at the Presidential General Election for the County of Santa Barbara to be held on November 8, 2016 hereby state that such argument is true and correct to the best of their knowledge and belief.

on behalf of the Board of Supervisors, County of Santa Barbara

on behalf of the Board of Supervisors, County of Santa Barbara
THE BOARD OF SUPERVISORS OF THE COUNTY OF SANTA BARBARA ORDAINS AS FOLLOWS, subject to approval by the electorate:

SECTION I: VOTER APPROVAL OF AMENDMENT TO SANTA BARBARA COUNTY CODE SECTION 32-12. Section 32-12 of the Santa Barbara County Code is hereby set forth for voter approval to read as follows:

**Sec. 32-12. Tax imposed on Transients; Rate; When payable**

For the privilege of occupancy in any hotel, each transient is subject to and shall pay a tax in the amount of twelve percent (12%) of the rent charged by the operator. Such tax constitutes a debt owed by the transient to the County which is extinguished only by payment to the operator or to the County. The transient shall pay the tax to the operator of the hotel at the time the rent is paid. If the rent is paid in installments, a proportionate share of the tax shall be paid with each installment. The unpaid tax shall be due upon the transient’s ceasing to occupy space in the hotel. If for any reason the tax is not paid to the operator of the hotel, the County Tax Collector may require that such tax shall be paid directly to the County Tax Collector. The tax rate of twelve percent (12%) shall take effect beginning January 1, 2017. In the interim period between the November 8, 2016 election and January 1, 2017, for the privilege of occupancy in any hotel, each transient is subject to and shall pay a tax in the amount of ten percent (10%) of the rent charged by the operator.

SECTION II: NATURE OF TAX. If approved by a majority of the electorate voting on the measure, the ordinance will increase the current transient occupancy tax rate to twelve percent (12%) of rent charged. The transient occupancy tax is a tax imposed upon transients for the privilege of occupying defined hotels located within the unincorporated territory of Santa Barbara County. The tax would be collected by hotel operators in the same manner as the current transient occupancy tax is collected. The collection of the tax from hotel operators would be administered by the Santa Barbara County Tax Collector as provided in Section 32-15 of the Santa Barbara County Code.

SECTION III: GENERAL TAX. The transient occupancy tax imposed by this ordinance is a general tax within the meaning of Government Code Section 53721 and Article XIII C, Section 1 (a) of the California Constitution. The revenue generated by this general tax is available for general governmental purposes. To that end, the Auditor-Controller is instructed to deposit the revenue from the tax into the County General Fund and to include his estimate of the revenue from this general tax, together with his estimates of other revenue sources, in the tabulation that he is annually required to prepare by Government Code Section 29060. The revenue from this general tax shall be made available to the Board of Supervisors for annual appropriation in the County’s budget for any lawful expenditure. Nothing in this ordinance nor in any other ordinance, advisory measure, resolution, or policy shall be construed as limiting, in any way, the amount or the objects of the appropriations and expenditures that can be made from the revenue of the tax nor be construed as creating a continuing appropriation.

SECTION IV: EFFECT. Voter approval of this ordinance shall have the effect of increasing the transient occupancy tax.

SECTION V: COMPLIANCE WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA). Pursuant to CEQA Guidelines Section 15378(b)(4), adoption of this tax increase ordinance as a government funding mechanism is not a project subject to the requirements of CEQA. Prior to commencement of any project that may result from the expenditure of revenues from this tax increase, any necessary environmental review required by CEQA shall be completed.

SECTION VI: SEVERABILITY. If any provision of this ordinance or the application thereof to any person or circumstance is held invalid, the remainder of the ordinance and the application of such provision to other persons or circumstances shall not be affected thereby.

SECTION VII: ELECTION. An election shall be held on November 8, 2016, on the issue of increasing the current transient occupancy tax rate to twelve percent (12%) of rent charged. If the measure is defeated, the transient occupancy tax will remain at the existing transient occupancy tax rate of ten percent (10%) of rent charged.

SECTION VIII: EFFECTIVE DATE. This ordinance shall take effect immediately upon its adoption by a majority of the electorate voting on the ordinance at the November 8, 2016 general election.
